

MORNING APPEAL

TUESDAY.....MAY 16

FIGURE HEAD COMMISSIONS.

From all accounts the men managing the World's Fair are merely a lot of pompous figure heads, except of course, those who are plain ordinary rascals.

Millions of money has been spent and the Fair is still in no condition to be opened, and by this time must be the laughing stock of the foreign visitors.

A lot of inflated frauds were chosen to handle the thing, and after getting their vanity gratified by the office they received, they simply strutted about and let things take care of themselves.

In every town there is some live, hustling man, who has the faculty of making things move. He goes ahead on the dead jump and is up and doing.

But no one would think of making such a man a Fair Commissioner, because dozens of pompous old has-beens always crowd to the front when there are honors to be gained, and these men are always miserable failures.

People don't find it out, however, until it is too late, and the next time they have a chance they get some responsible position to fill, and make the same miserable fluke as before.

They have always been leading citizens, however, and do not shake public confidence in the idea that they are all right.

California seems to have been badly worsted by this crowd. It spent \$600,000 and has nothing to show for it except the "leading citizen" freaks it placed on its commission.

We believe Nevada, with its beggarly purse, will beat California. We have some live men in Chicago, and they are putting in some good ticks.

THE GEARY ACT SUSTAINED.

The Supreme Court yesterday, through Justice Gray, sustained the decision of the New York Courts in favor of the constitutionality of the Geary Chinese Exclusion Act. Justices Brewer, Fuller and Field dissented.

Justice Gray, in announcing the judgment of the Court, said the power of this nation to restrict or prevent the immigration of aliens into the country, or require such aliens as were already in the country to remove therefrom, was a well-settled principle of international law, confirmed by an unbroken line of decisions in this Court. Legislative power of the Government was not transcended in any of its constitutional limitations in the Act under consideration. It was within its power to determine the regulations under which these aliens shall be permitted to remain in the United States, or failing to observe these regulations be required to leave the country.

The news was received with great rejoicing in San Francisco by the labor unions, and there was gloom in Chinatown. The Act requires that all Chinese in this country, except merchants, must register, and when they leave this country for China they will not be allowed to return.

Several Chinamen in this State, anticipating the decision, have started a small merchandise business and taken out a regular license.

Several papers in Nevada claim the honor of first suggesting in 1892 an independent silver party for Nevada. The APPEAL thinks it headed the procession as far as 1892 is concerned. Its editorials advocating an independent party to strike for silver was published Jan. 1st 1892. As the APPEAL went to press that morning a few minutes after midnight, we are disposed think that we were at the head in the field. There is no special use quarreling about seniority of our silver sentiments, all the silver papers did that work in the campaign that told and everyone that hoisted the silver banner before election is entitled to be considered "in it."

Now that they are out of sight, the envious editor of the Mercury of Oroville, who couldn't go, "notes" with "fiendish glee" that the junketing editors took with them on their trip to Chicago, thirty cases of wine and thirty-four boxes of oranges. Well, what of it! What use do you suppose a Californian editor has for oranges?

Diablo won the Brooklyn handicap.
